## TOGETHER, WE CAN IMPROVE COMMUNITY HEALTH

Through the Dispensary of Hope, you will be able to:

**PROVIDE** VITAL MEDICATION  
to vulnerable patients at no cost to them.

**REDUCE** COSTS  
with fewer readmissions, ED visits  
and shorter lengths of stay.

**EXPAND** THE IMPACT OF YOUR  
COMMUNITY BENEFIT  
by providing a critical resource to those in need.

**COMPLEMENT** OTHER PROGRAMS  
that feature reduced-cost prescriptions.

## WE'RE GETTING RESULTS\*

This means that  
for every 1,000 Dispensary of Hope patients,  
the study hospital saves \$2.08 million annually.\*
